Jean Lee
Brand Manager
HeadphoneHunter

Dear Jean Lee,

Thank you for selecting Pollex Designs to design the user interface for
HeadphoneHunter™.

In this report you will find a sample storyboard for the website.

I look forward to hearing your feedback.

Sincerely,

Lexie Kirsch
User Interface Developer
Pollex Designs

Image 1. Shows the home screen, where users can choose to view earphones, headphones, latest styles, or items on sale. They can also search for specific types of headphones using the links at the bottom of the screen or the search icon at the top

Images 2 and 3. Shows the headphone screen, where users can input their needs and preferences and view a rank ordered set of recommended headphones for consideration. Users can delete specific headphones using the (X) button on the right of the recommendation. They can also delete a specific brand of headphones by unselecting it from the "brand" pull-down at the top of the screen. Additionally, users can add headphones to their "favorites" folder by clicking the star icon on the left of the headphone
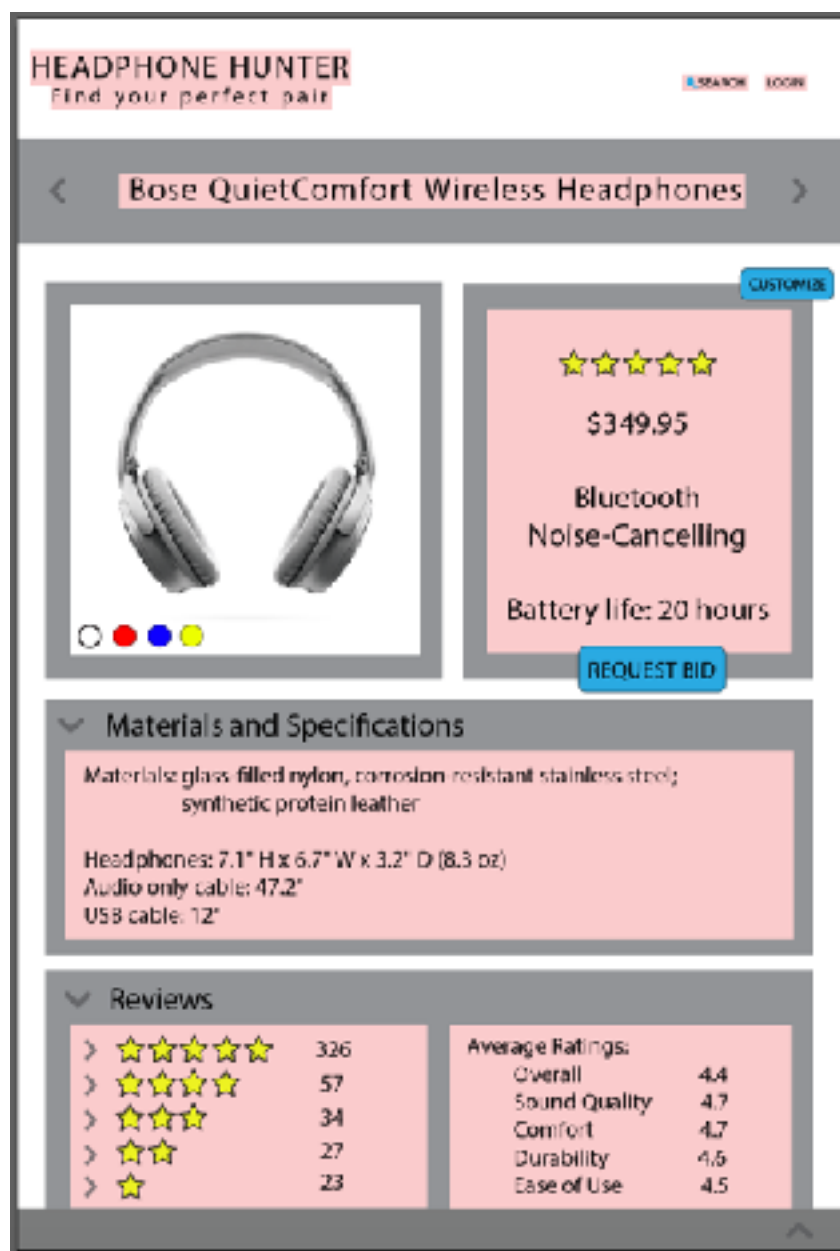

Image 4. Shows the user's page of starred items

Image 5. Shows detailed information about a specific headphone. Here the user can see manufacturer information, reviews, and request a bid to obtain the headphone. The user can also customize the color of the headphone and customize the information displayed in the box to the right of the image
